Roadmap Overview

The roadmap, led by the EDU_Lab Centre of Excellence in Learning and Teaching, focuses on embedding the Sustainable Development Goals (SDGs) in education. EDU_Lab fosters a culture of innovation at Kaunas University of Technology, encouraging educators to adapt teaching practices, adopt student-centred methods and explore modern approaches to learning.

Initiatives include a teacher training programme to strengthen the integration of the SDGs into curricula, a knowledge-sharing platform to streamline access to SDG resources and foster collaboration, targeted training for novice teachers to integrate the SDGs into their teaching practices, and an SDG-focused faculty award to recognise innovative efforts. These actions aim to promote sustainability in education, while fostering institutional collaboration and pedagogical excellence.

Timeframe for implementation: (12 months from 2025 03 01 to 2026 03 01)

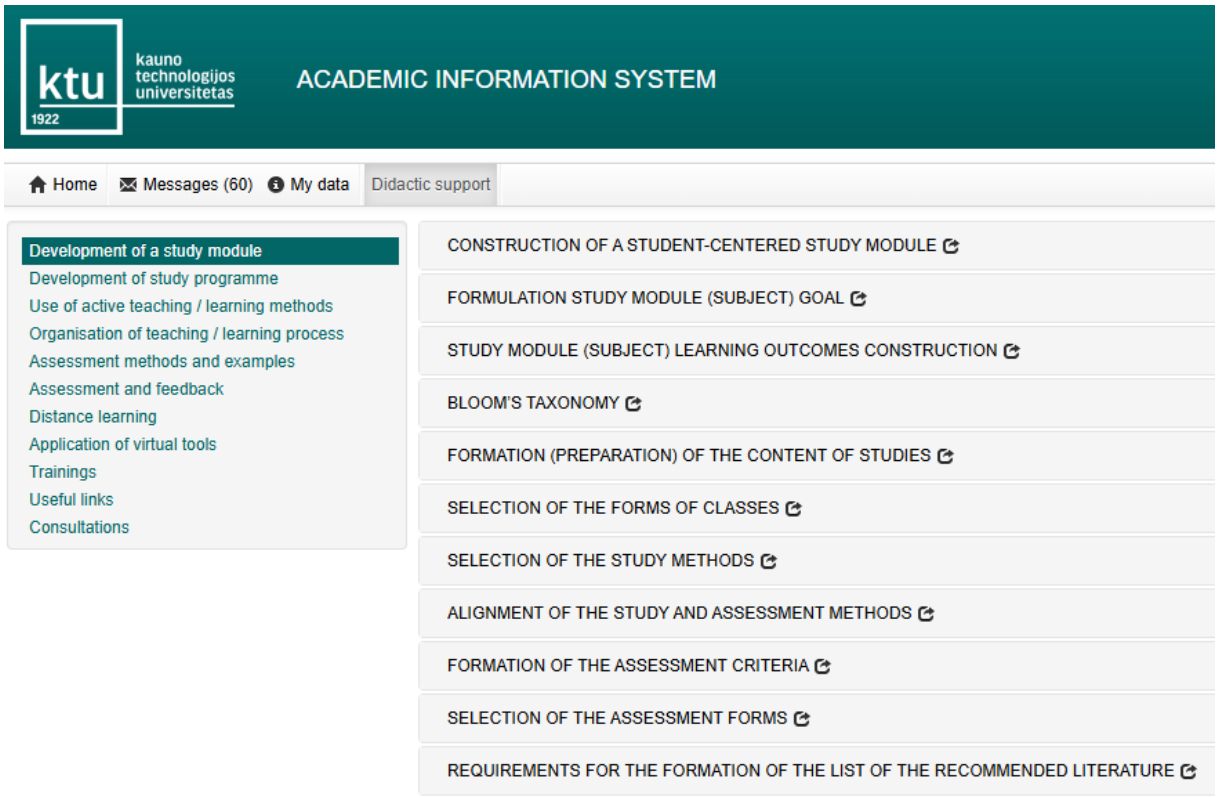

Actionable Measures

MEASURE 1: SDGS IN TEACHING TEACHER TRAINING PROGRAMME

TITLE OF THE MEASURE	IMPLEMENTATION OF THE SDGS IN TEACHING TEACHER TRAINING PROGRAMME
Objective	To increase the competence of teachers in integrating the principles of the SDGs into their teaching practice.
Description of actions	- Launch a training programme (4 academic hours) focusing on the integration of the SDGs into the course. - Use available resources to provide workshops, curriculum design support and peer mentorship for faculty and use materials developed by the project (Workshop Study Pack and Mooc).
Indicators of success	- Number of teachers trained and participating in satisfaction surveys. - Integration of SDG content into curricula after training (new assignments, integration of SDG-related topics).
Resources required	- Training facilities, qualified trainers, materials for curriculum development.
Reporting and review	- Annual evaluation of the effectiveness of the training programme and the application of SDG content in the courses.
Responsible person(s)	Assoc. prof. dr. Asta Daunorienė, Head of Centre, EDU_Lab Centre for Excellence in Teaching and Learning
Time frame	2025 03 01 – 2025 06 01

MEASURE 2: CROSS-DEPARTMENTAL SDG KNOWLEDGE-SHARING PLATFORMS

TITLE OF THE MEASURE	DEVELOPMENT OF ACADEMIC INFORMATION SYSTEM THAT INTEGRATES THE SDG THEME INTO DIDACTIC SUPPORT FOR TEACHERS
Objective	To support lecturers in finding structured didactic material/information more quickly and efficiently, which can be used in the context of the course to integrate the SDGs.
Description of actions	- Develop didactic materials related to the SDGs - Integrate an additional plugin into the AIS didactic support - Introduce the new plugin in the Teachers' Café - Encourage teachers and researchers to share best practices in integrating the SDGs into their work
Indicators of success	- Number of active participants from different departments. - Number of teachers participating in the Teachers' Café - Number of personal enquiries, consultations
Resources required	- Development of digital platform, facilitators, promotion of materials.
Reporting and review	- Annual review of use of AIS platform SDG didactic support.
Responsible person(s)	Assoc. prof. dr. Asta Daunorienė, Head of Centre, EDU_Lab Centre for Excellence in Teaching and Learning
